Clients in this sector include Rotary Australia, Australian Volunteer Coast Guard Association Inc., Uniting Church in Australia, Qld Synod, and Volunteering Australia.

For further details about Aon please refer to the last section of this summary.

This Insurance Coverage Summary has been compiled by Aon in conjunction with PSPL Executives to provide a broad outline of the Probus Australia National Insurance Program and to offer general information and assistance in understanding the various insurances which it contains and the steps and procedures to be followed in the event of claims arising under the program.

Although it is not mandatory to have a Risk Management Policy in place, effective risk management assists in ensuring the safety of participants and, in turn, the success of Probus activities.

As such, PSPL recommends that Clubs and Associations implement such a policy and provide Clubs and Associations with Risk Management Policy Guidelines to assist Clubs and Associations with this process. These Guidelines can be found in the Club Administration Section of the PSPL website.

This Insurance Coverage Summary contains a brief description of the individual insurances within the Probus Australia National Insurance Program and highlights the sections of the insurance that have relevance to PSPL, Probus Clubs, Probus Associations and Probus Club Members. It should not however be treated as a replacement for the relevant policy documents (which are available upon request). It also should be noted that the Insurance coverage is provided subject to the terms, conditions, limitations and exclusions detailed in the policy documents.

## General Information Applicable to all Policies

**SCOPE OF COVER** - Insurance coverage is in place whilst on approved activities of PSPL, Probus Clubs and Probus Associations including direct travel to and from such activities. The approval of the activity should be reflected in the Probus Club or Association minutes. These activities include any event organised by an accredited Probus Club or Association such as meetings, outings, tours, trips and interest groups.

While there is no restriction within the Program as to the length of Probus activities, it should be noted that this Program is not designed for extended trips and/or tours as it does not provide coverage for incidents that would normally be covered by travel insurance policies. Accordingly, members are encouraged to consider travel insurance for trips and/or tours that involve overnight stays.

# About Aon

## Aon Australia's Charitable & Community Partnerships

At Aon, we believe businesses succeed when the communities they serve and the people they employ flourish. To that end, Aon has registered charitable foundations or funds set up in Australia, Brazil, France, India, Spain and the United Kingdom to formalise these partnerships and commit measurable targets for volunteering and donations. This allows us to be truly accountable to these organisations and ensure we are living by our company values of integrity, openness, commitment, innovation and teamwork.

Further, in alignment with Aon's core value proposition to help organisations everywhere become better informed and better advised — we offer a range of risk management and insurance advisory services to charity and community-led organisations both in Australia and around the world.
